LYNNWOOD, WA — Olympus® Lock, Inc. announces the addition of a new product to its line of key-in-knob Schlage-style cylinder products—the new Olympus 829R Series ratchet lock. This lock is available with our standard Schlage-style C keyway key-in-knob cylinder as well as less cylinder (part number 829R-LC) to accept Schlage original or Schlage compatible key-in-knob cylinders. The 829R Series includes true “ratcheting” functionality and comes standard with a 6” strap for 3/16” to 1/4” glass thickness. An optional strap for 3/8” material thickness is available separately. An optional 829-MD driver pack is available for purchase if the 829R-LC product will be used with a Medeco cylinder.

The Olympus 829R Series adds another lock to our growing Schlage-style, C keyway or less cylinder cabinet lock line. This lock complements our other cabinet door, drawer, cam and latch cabinet locks. The 829R Series is available in US26D finish.

Olympus Lock is a manufacturer of easily rekeyable, pin tumbler cabinet locks and interchangeable core cabinet lock bodies for a broad range of commercial applications. Our mission is to create pin tumbler cabinet locks and accessories of unparalleled innovation, quality, keyway compatibility, and value in a manner which sets a new industry standard for excellence. Olympus Lock—Continuing to make the changes that change the industry. For more information contact us toll free at 800-525-0954 or visit our website at www.olympus-lock.com.
