**FOR IMMEDIATE RELEASE**

**OLYMPUS LOCK ANNOUNCES NEW SHOWCASE RATCHET LOCK  
929R Series ratchet lock for use with Schlage full-size interchangeable core**

LYNNWOOD, WA (May 1, 2009) — Olympus® Lock, Inc. announces the addition of the newest member in our line cabinet locks that accept Schlage full-size interchangeable core—the new Olympus 929R Series IC ratchet lock. “The addition of this lock provides a more complete cabinet lock offering for Schlage full-size IC,” says Mike Donohue, Olympus Lock’s Director of Sales. “Our new 929R is a nice complement to our existing 777 and 888 series deadbolt cabinet door and

drawer locks and our 920 series cam lock.”

The 929R accepts Schlage full-size interchangeable cores as well as Keymark and Mul-T-Lock large format interchangeable cores. The 929R includes true “ratcheting” functionality and comes standard with a 6” strap for 3/16” to 1/4” glass thickness. Optional straps for other material thicknesses are available separately. The 929R is available in US26D (626) finish and is sold less core. Locks are currently in stock and available for immediate shipment.

Olympus Lock is a manufacturer of easily rekeyable, pin tumbler cabinet locks and interchangeable core cabinet lock bodies for a broad range of commercial and institutional applications. Our mission is to create pin tumbler cabinet locks and accessories of unparalleled innovation, quality, keyway compatibility, and value in a manner which sets a new industry standard for excellence. *Olympus Lock—we make the changes that change the industry.* For more information contact us toll free at 800-525-0954.
