Newsletter

We are your cabinet lock innovators.

We've moved!

Olympus Lock has relocated our warehouse and offices to Lynnwood, WA and began operating from our new location on January 3, 2005. Our new, larger facility will allow us to provide better and more efficient customer service which has always been our highest priority. Our toll-free phone number remains the same as well as our local phone and fax numbers.

OLYMPUS
LOCK, INC.

Meet Teresa!

Teresa has been with Olympus Lock for almost 14 years. She started out working in an entry level position in our keying workshop and is very familiar with our products. Teresa moved into the keyshop lead position in 1992. Teresa is responsible for overseeing and managing our custom keying operation and for making sure your key jobs are done correctly and on time.

Current Literature

Contact your Olympus Lock representative or call Olympus directly for the most recent version of our catalogs and price list. Current editions are:

- Full line catalog: *July, 2004*
- Condensed catalog: *June, 2003*
- New price list:
May 1, 2003 - Revision 1B
Revision 1B includes new padlock pricing effective July 1, 2004 and some minor parts additions

Literature Corrections

Error correction: Please note the following errors:

August, 2003 full-line catalog:

Page 14: 777/888 locks

June, 2003 condensed catalog:

Page 4: 777/888 locks

Correction: To work properly, Everest cores need to be installed in 777P and 888P locks not 777IC and 888IC locks.
